Piecing Instructions

Step 1: To make one block, gather one of each of the following block and sashing pieces (using the images at the end of the pattern as reference or mixing and matching as desired):

- one 2½" x 2½" block square
- one 2½" x 2½" background square
- one 2½" x 4½" block strip
- one 2½" x 4½" background strip
- one 2½" x 6½" block strip
- one 2½" x 6½" background strip
- one 2½" x 8½" block strip
- one 2½" x 8½" background strip
- one 2½" x 10½" block strip

Step 2: Sew the 2½" x 2½" block and background squares together. Press.

Step 3: Sew the 2½" x 4½" block strip to the right side. Press. Sew the 2½" x 4½" background strip to the top. Press.

Step 4: Sew the 2½" x 6½" block strip to the right side. Press. Sew the 2½" x 6½" background strip to the top. Press.

Step 5: Sew the 2½" x 8½" block strip to the right side. Press. Sew the 2½" x 8½" background strip to the top. Press.

Step 6: Sew the 2½" x 10½" block strip to the right side. Press.

Step 7: Repeat steps 1-6 to make a total of 4 blocks with identical block strips, the background strips can be random.

Step 8: Lay out the 4 identical blocks as shown, noting the orientation of blocks. Sew them into pairs and sew the pairs together. Press

Step 9: Repeat steps 1-8 to create a total of 16 blocks, either follow the color layouts on pages 4-8 or choosing your own fabric combinations. *(For our sample quilts, we added one new block strip color to the blocks by shifting each strip to the next size and dropping the color in the biggest strip. For instance in the block after the above block, we would add a turquoise color as the smallest block square and the dark green would be 4½" long, the light green 6½", the yellow 8½", the orange 10½" and there would be no red - this will use more fabric strips than 64. Background was random pieces.)*

Step 10: Sew two 2½" x 10½" background strips together end to end to create vertical sashing. Press. Repeat to make twelve 2½" x 20½" vertical sashing strips.

Assembly Instructions

Step 11: Lay the blocks out an aesthetically pleasing 4x4 grid, again either following the diagrams on the subsequent pages or using your own layout.

Step 12: Sew the blocks into rows, with a vertical sashing strip between each block. Press.

Step 13: Sew the rows together with a 2½" x 86½" horizontal sashing strip between each row. Press.

Woohoo! Your quilt top is now finished. Now, quilt and bind it using your preferred method.
